

- i. Thanks given to other committees that are now sending Ruth information on events being planned by respective committees for posting on Facebook and in the newsletter
- b. Homeless
 - i. With regard to the survey of the Homeless Count done about a month ago which resulted in the input of 75 individuals into the system, for the majority of those people, if housing cannot be found, needed help will be secured for them
 - ii. The Day St apartments will be opening in the May/June timeframe – they are taking pre-applications right now for housing there
 - iii. A clean-up is scheduled for April 22 in conjunction with sanitation
- c. Emergency Preparedness
 - i. The goal for this mo was to promote the CERT Boot-Camp which is taking place this weekend. Info was sent to Ruth of Outreach who put it out to all members. Have been in contact with the Council District that is actually sponsoring this.
 - ii. They will provide an up-date on confirmation of the start date for the 7 week CERT class tentatively scheduled to begin June 12 at Foothill Station.
- d. Human Trafficking
 - i. Lock your vehicles even when stepping into a business just for a moment. A gentleman had the experience at Mike's liquor that when returning to his vehicle there was a prostitute seated in the car demanding \$50 or refusing to leave.
 - ii. The media has become very helpful calling Cindy/Jesse for articles or up-dates on a regular basis
 - iii. They do not want the proposed topless bar – asked C-PAB Members for opposition letters and E-Mails. The owner is asking for 16 conditions to be removed from his license – select which mean the most to you and speak to those as bullet points.

4/10/2014
C-PAB MEETING
LAPD

XIV. Meeting adjourned at 7:37pm
